Technical specifications

FT-3C (Floor trunk 3 compartments)

Category:

FT-3C

Product features:

With 3 compartments (1/3 - 1/3 - 1/3)
Other partitioning on request
Cable tray CTLI35
Height: 35mm
Widths: 150 - 200 - 300mm

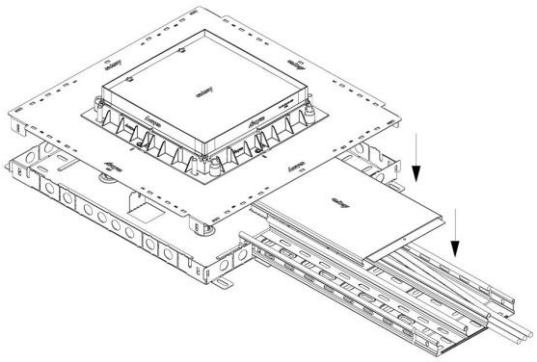

Additional productinformation:

EN50085 compliant
Lengths individually slide together, meaning no fixation brackets required
Slides into the floor box FS-BOX (note that the floortrunk will not be in the center of the sidewall of the floorbox)
Fixation through the holes in the bottom of the floortrunk
Suitable for laying cables (to this end, the cover of the floor box is clippable)
Very versatile system through the use of standard accessories for cable trays
